For Support or Business contact details.

Product Overview

The AdmittationPublisher AdmittationAnalytics serve as the backbone of student leads for various tenants.

Publishers can monitor lead activity and performance in real-time.

AdmittationAnalytics provides tenants with AdmittationAnalytics access and AdmittationAnalytics access that directly ties into the platform.

Once leads are received, they are organized in a centralized system under the respective tenant for tracking and conversion.

Key Capabilities:

- Maintain complete data accuracy, transparency and synchronization
- Provide publishers with leads directly into AdmittationAnalytics and tenants via API connections

By bringing all advertising activities under one platform, AdmittationPublisher enables lead flow with tracking and efficient management, ensuring consistent performance and maintaining high conversion and measurable ROI.

Who is a publisher?

A publisher is an external or internal partner responsible for generating and publishing leads into the AdmittationPublisher or any other tenant platform.

Publishers typically include:

- Partner Agencies and lead generation companies
- Digital marketing agencies (SEO, PPC, Facebook Ads, TikTok Ads, etc.)
- Digital aggregators or advertising partners collecting student enquiries
